The whole spectrum for crime scene investigation

## INNOVATIONS AND PROMOTIONS FROM THE SUPERLITE M 05 SYSTEM

### EXPAND THE ZOOM OF YOUR M 05!

The new wide-angle attachment for SUPERLITE M 05 LED heads significantly increases the divergence of the light beam, in praxis triples the spot diameter generated by the lamp! The illuminated area is increased by almost 10 times! The attachment is simply plugged onto the zoom lens. A „must have“ when working in narrow conditions or when entire rooms or walls need to be illuminated.

Tip: For maximum intensity, use power level 3 on your SUPERLITE M 05!

### YOUR M 05 AS MOBILE CRIME SCENE LIGHTING!

With the new Lumatec lamp tripod with a fixed, extremely stable ball head and 1/4" threaded screw, your M 05 can be positioned at a height of up to 280cm. The crime scene can thus be illuminated "from above". Also ideal in combination with the new M 05 wide-angle attachment. The tripod is extremely stable and has an air suspension to protect the lamp against shocks. It comes in a tailor-made transport bag, the pack size is 100cm.

M 05 with ball head, max. height 280 cm

## CHEAPER IN A SET!

For your „spectral crime scene lighting“ we have created a set including the lamp tripod for SUPERLITE M 05 with ball head, tripod adapter and wide-angle attachment. Until March 31, 2023 you will get this set with a price advantage of 10% compared to the sum of the part prices!

9200.0130 Set: Lamp tripod for SUPERLITE M 05 with ball head, tripod adapter and wide-angle attachment

## MORE CONTENT FOR THE SAME PRICE!

Larger case and wide-angle attachment free of charge with the M 05 „Police“ set 2350.0015! During the promotion until March 31, 2023, the set comes in a larger case with 8 instead of 5 recesses for M 05 LED heads and an additional wide-angle lens attachment - at the same price!

2350.0015A

SUPERLITE M 05 / Multi Set / UV (365nm) / Violet (405nm) / Blue (445nm) / Vis (400-700nm) / 2 Battery packs, Charger adapter, 2 Charger (mains & car) / UV safety goggles / Filter goggles yellow, orange, dark red / Case (8 recesses) / Wide-angle attachment

## MICROFIBER GOGGLES BAG FOR FREE!

Our protective and filter goggles now come in microfiber goggle bags in the corresponding color, which makes it much easier to distinguish them. In addition, the bags effectively protect against dirt and scratches and can be used for cleaning.
